

# It only takes \$1 a day to make all the difference

**Put a smile on a child's face**

\$1 doesn't buy a lot these days. Yet for children with diabetes in developing countries, \$1 a day means the promise of a future.

The International Diabetes Federation (IDF) has established this program with the support of Diabetes Australia-NSW and HOPE worldwide.

It is an innovative child sponsorship program in which individuals and families are able to help children with diabetes in 17 countries, including Philippines, Bolivia, Sri Lanka, Azerbaijan, Fiji, India, Papua New Guinea, Rwanda, Tanzania, Zimbabwe and Nigeria.

**The formula is simple:** participants in the program part-sponsor the local diabetes centre, helping them to provide the clinical care, testing facilities and diabetes education essential to keep these children alive – and giving them hope of a life.

**You can help.** It will only cost you \$1 per day to join the program – that's \$365 a year. Please use the form on the right. Alternatively you can make a one-off donation for any amount you would like, either by using the form or donating through our webpage [www.lifeforachild.org](http://www.lifeforachild.org)

**The children pictured are being helped. But there are thousands of other children with little hope of a future without support and help.**

**Your thoughtful generosity will help us to give them the gift of life.**

**Complete the coupon today!**

Yes, I would like to help provide [life for a child](#)

**Details** (please print)

Mr/Mrs/Ms/Dr/Other
