Type 1 diabetes

I have type 1 diabetes. This means that my body does not make insulin, so I need to inject it.
What should I eat?

I eat more from the groups at the bottom of the pyramid and avoid foods from the top.

What I eat is important. It affects how well I feel and how my insulin works.

What I eat is important. It affects how well I feel and how my insulin works.

Dairy

Meat & Fish

Vegetables

Fruit

Starches

Sweets

I eat more from the groups at the bottom of the pyramid and avoid foods from the top.
